

Memorandum 91-58

Subject: 1991 Legislative Program - Final Report

Attached to this memorandum is our final report on the Commission's 1991 legislative program. We did quite well this session, especially considering the difficulty in obtaining authorship of bills caused by reduced legislative staffing and limitations on bill numbers. Not all our recommendations made it into bill form this session, but we are optimistic that we will be able to include them in next session's legislative program.

Respectfully submitted,

Nathaniel Sterling
Executive Secretary
