	Uniform Post-Conviction Procedure Act		x

Of the studies not started, Nos. 11, 16 and 26 have been assigned to the commission staff. We hope that these can be ready for consideration by the committees to which they are assigned by November 1. The other study not started, No. 14 (Administrator in quiet title actions) is in suspension pending a full report by the Committee on Administration of Justice on our memorandum soliciting

its view of the desirability of going forward with this study. Even if that view were affirmative and we were to decide to go ahead, it seems clear that this study could not be completed in time to report to the 1957 Session.

Respectfully submitted,

John R. McDonough, Jr.  
Executive Secretary
