

## Memorandum 2000-15

**Trial Court Unification: Appointment of Receiver**

---

The Commission's report on trial court unification identified a number of topics for further study, including "whether to conform the statutory provisions on circumstances for appointment of a receiver." *Trial Court Unification: Revision of Codes*, 28 Cal. L. Revision Comm'n Reports 51, 85 (1998). In 1999, the Commission issued a tentative recommendation on this topic, which is enclosed with Commissioners' copies of this memorandum. The comment period for the tentative recommendation ended on January 31, 2000, but the Commission has received no input. The lack of response is not surprising, because the Commission's proposal is essentially nonsubstantive. Rather than making further efforts to obtain comments, **the staff recommends that the Commission approve the proposal as a final recommendation, for printing and submission to the Legislature.**

Respectfully submitted,

Barbara S. Gaal  
Staff Counsel
