

Memorandum 2015-20

**Fish and Game Law:
Draft Tentative Recommendation**

The Commission¹ is presently studying the entire Fish and Game Code with the intention of proposing a complete recodification of that code.² Such work requires a comprehensive approach, treating the entire code as a whole. That generally precludes incremental enactment of the recodified law.

However, there are some beneficial changes to the existing code that can be made piecemeal, because they do not depend on reorganization of the entire code. At the February 2014 meeting, the Commission authorized the staff to prepare separate recommendations for the incremental enactment of such improvements.³

The Commission has previously approved the first of such recommendations.⁴ A bill that would implement that recommendation is presently pending before the Legislature.⁵ This memorandum presents a second draft tentative recommendation, proposing additional technical revisions and minor substantive improvements to the existing code.

The Commission should decide whether to approve the draft for circulation and public comment, with or without changes.

Respectfully submitted,

Steve Cohen
Staff Counsel

CALIFORNIA LAW REVISION COMMISSION

STAFF DRAFT

TENTATIVE RECOMMENDATION

Fish and Game Law: Technical Revisions and Minor Substantive Improvements (Part 2)

June 2015

The purpose of this tentative recommendation is to solicit public comment on the Commission's tentative conclusions. A comment submitted to the Commission will be part of the public record. The Commission may consider the comment at a public meeting when the Commission determines what, if any, recommendation it will make to the Legislature. It is just as important to advise the Commission that you approve the tentative recommendation as it is to advise the Commission that you believe revisions should be made to it.

COMMENTS ON THIS TENTATIVE RECOMMENDATION SHOULD BE RECEIVED BY THE COMMISSION NOT LATER THAN September 1, 2015.

The Commission will often substantially revise a proposal in response to comment it receives. Thus, this tentative recommendation is not necessarily the recommendation the Commission will submit to the Legislature.

SUMMARY OF TENTATIVE RECOMMENDATION

The Law Revision Commission is preparing draft legislation to recodify the Fish and Game Code, in order to improve its organization and clarity, remove obsolete or redundant material, and correct technical errors. Because that work will involve the reorganization of the entire code, the recodification legislation will not be ready for presentation to the Legislature until the study is completed.

However, some beneficial changes can be made more quickly. As the larger study proceeds, the Law Revision Commission will make note of technical corrections and minor substantive improvements that can be made to the existing code, without waiting for completion of the entire study. Such improvements will be periodically compiled into recommendations for submission to the Legislature.

This tentative recommendation is the second such proposal. It proposes a largely nonsubstantive modernization and reorganization of provisions of the Fish and Game Code relating to the regulatory authority of the Fish and Game Commission.

This tentative recommendation was prepared pursuant to Resolution Chapter 63 of the Statutes of 2014.

FISH AND GAME LAW: TECHNICAL REVISIONS AND MINOR
SUBSTANTIVE IMPROVEMENTS (PART 2)

1

BACKGROUND

2 In 2010, the Legislature directed the Natural Resources Agency to develop and
3 submit a “strategic vision” for the Fish and Game Commission and what is now
4 the Department of Fish and Wildlife.¹

5 Among other things, the Strategic Vision report recommended that the Law
6 Revision Commission review and recommend “clean-up” of the Fish and Game
7 Code, to “(1) resolve inconsistencies; (2) eliminate redundancies; (3) eliminate
8 unused and outdated code sections; (4) consolidate sections creating parallel
9 systems and processes; and (5) restructure codes to group similar statutes....”²

10 Based on a draft of the Strategic Vision report, Senator Fran Pavley and
11 Assembly Member Jared Huffman (then Chairs of the Senate Natural Resources
12 and Water Committee and the Assembly Water, Parks, and Wildlife Committee)
13 requested that the Law Revision Commission conduct a comprehensive review of
14 the Fish and Game Code, and recommend changes to the Legislature that would
15 “update, clarify, and improve” the code.³

16 Authority to conduct such a study was enacted by concurrent resolution in 2012:

17 [The] Legislature approves for study by the California Law Revision
18 Commission the new topic listed below:

19

....

20 Whether the Fish and Game Code and related statutory law should be revised to
21 improve its organization, clarify its meaning, resolve inconsistencies, eliminate
22 unnecessary or obsolete provisions, standardize terminology, clarify program
23 authority and funding sources, and make other minor improvements, without
24 making any significant substantive change to the effect of the law[.]⁴

25 Pursuant to that authority, the Law Revision Commission is analyzing the entire
26 Fish and Game Code for the purpose of preparing recodification legislation that
27 would improve the code’s organization and clarity, remove obsolete or redundant
28 material, and correct technical errors. Because that work will involve the
29 reorganization of the entire code, the recodification legislation will not be ready
30 for presentation to the Legislature until the study is completed.

31 However, some beneficial changes can be made more quickly. As the larger
32 study proceeds, the Law Revision Commission has made note of minor

1 substantive improvements that can be made to the existing code without waiting
2 for completion of the entire study. Such improvements will be periodically
3 compiled into recommendations for submission to the Legislature.

4 The Law Revision Commission's first such recommendation⁵ has been
5 submitted to the Legislature, and a bill that would implement the recommendation
6 is presently pending.⁶ This tentative recommendation is the Law Revision
7 Commission's second such proposal.

REGULATION OF TAKE AND POSSESSION

10 One of the central functions of the Fish and Game Commission (hereafter,
11 "Commission") is to adopt regulations governing the take and possession of wild
12 animals. General authority to adopt such regulations is granted in Fish and Game
13 Code Section 200, subject to certain express limitations.⁷

14 The article that contains Section 200 (hereafter, "Article 1") also contains a
15 number of provisions that prescribe procedures for Commission rulemaking.⁸

16 Article 1 and most of the sections within it were enacted in 1957, as part of the
17 last recodification of the Fish and Game Code.⁹ Since that time, there have been
18 significant changes in the law, which Article 1 has not been revised to properly
19 reflect. Those changes include:

- 20 (1) The enactment of new provisions that authorize Commission regulation of
21 take or possession in specific circumstances.
- 22 (2) Abandonment of the original procedure prescribed in Article 1 for
23 Commission rulemaking.
- 24 (3) Enactment of the modern Administrative Procedure Act ("APA"),¹⁰ which
25 provides a uniform and comprehensive procedure for state agency
26 rulemaking.

9. 1957 Cal. Stat. ch. 456.

10. Chapter 3.5 (commencing with section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. As a state agency, the Fish and Game Commission is required to comply with all applicable procedural provisions of the APA when promulgating regulations, unless expressly exempted by legislation enacted after 1947. Gov't Code § 11346; see also *Voss v. Superior Court*, 46 Cal. App. 4th 900, 909; 54

1 This tentative recommendation proposes to modernize Article 1 and related law,
2 by conforming procedural rules to current practices, and by eliminating obsolete
3 language and distinctions.

4 **Generalized Application of Rulemaking Procedure**

5 When Article 1 was first enacted in 1957, Section 200 provided nearly all of the
6 authority for Commission regulation of take and possession. In accord with that
7 fact, the procedural rules in Article 1 were largely drafted to apply to rulemaking
8 “pursuant to this article” — i.e., pursuant to the article that contained Section 200.
9 Consequently, the rulemaking procedures in Article 1 applied to every regulation
10 adopted by the Commission under its general authority to regulate take and
11 possession.

12 Since 1957, the Legislature has enacted a number of new code sections that
13 authorize the Commission to regulate the take or possession of specific animals, or
14 in specified circumstances. Those provisions have been located in the Fish and
15 Game Code near the subjects to which they relate, and not in Article 1. For
16 example, in 1986 the Legislature enacted Fish and Game Code Section 4902,
17 authorizing the Commission to regulate Nelson Bighorn Sheep.¹¹ That provision is
18 located in the Fish and Game Code among other provisions governing specific
19 mammals, rather than in Article 1.

20 This placement of new rulemaking authority outside of Article 1 creates
21 potential for confusion.

22 By their terms, the procedural provisions of Article 1 apply to rulemaking
23 “pursuant to this article,” i.e., pursuant to the general authority conferred by
24 Section 200. So, when the Commission regulates Nelson Bighorn Sheep pursuant
25 to Section 4902, is it subject to the procedural provisions in Article 1? A literal
26 reading of the Article 1 provisions would suggest that it is not.

27 But Nelson Bighorn Sheep are mammals. As such, one could also argue that a
28 regulation of Nelson Bighorn Sheep is concurrently authorized by Section 200. In
29 which case, the regulation would be subject to the procedures in Article 1.

30 The Law Revision Commission sees no policy reason to distinguish between the
31 regulation of wild animals generally, and the regulation of those same animals
32 specifically, with regard to the rulemaking procedures provided in Article 1. To
33 the contrary, it seems likely that the Legislature intended for the procedures in
34 Article 1 to apply to nearly every Commission regulation of take or possession (as
35 was the case when those procedural provisions were enacted). The later decisions
36 to locate more specific grants of regulatory authority (like Section 4902) according
37 to subject matter were likely driven only by organizational concerns, rather than

Cal. Rptr. 2d 225 (1996). However, the APA specifies only a “floor” of regulatory procedure, and agencies may be subjected to additional regulatory responsibilities as the Legislature provides.

11. See, e.g., Fish & Game Code § 4902(a).

1 an intention to exclude those grants of authority from general rulemaking
2 procedures.

3 The proposed legislation would therefore generalize the rulemaking procedures
4 in Article 1 so that they would apply to all Commission regulations governing take
5 or possession of wild animals, with one exception.¹² The procedures would not
6 apply to matters that are expressly excluded from the general rulemaking authority
7 provided in Section 200.¹³ Those exclusions were enacted together with the
8 rulemaking procedures, creating a strong inference that the Legislature intended to
9 exclude those matters from the procedures that governed rulemaking under
10 Section 200. Out of caution, the proposed legislation would not disturb that
11 inference.

12 **The Commission invites public comment on whether that is the correct**
13 **result.**

14 **Modernization of Procedure for Conducting Rulemaking at Public Meetings**

15 As originally enacted, Article 1 required the Commission to conduct its
16 rulemaking according to a fixed calendar. At its January and February meetings it
17 was to adopt regulations governing fish, amphibians, and reptiles, and at its April
18 and May meetings regulations governing birds and mammals.¹⁴

19 Over time, that calendaring approach was abandoned and replaced with a more
20 relaxed requirement that the Commission adopt regulations at a series of no fewer
21 than three public meetings.¹⁵ However, the procedure specified for the conduct of
22 those meetings is fairly loose, and is not well-coordinated with existing
23 requirements of the APA.

24 The proposed legislation would revise the existing meeting provision in Article
25 1 to make it fully consistent with the Commission's current practice and the
26 requirements of the APA.¹⁶

27 The proposed legislation would also repeal Fish and Game Code Section 220(b).
28 That provision gave the Commission flexibility to deviate from the former
29 statutory rulemaking calendar based on new information presented in the interval
30 between scheduled rulemaking meetings. With the abandonment of the calendared
31 meetings, that flexibility is no longer required.

13. See note 7, *supra*.

14. See 1957 Cal. Stat. ch. 456, §§ 206-213.

15. See Fish & Game Code § 207.

16. See proposed Fish & Game Code § 255. See also Gov't Code §§ 11346.2, 11346.4, 11346.5, 11346.8, 11346.9.

1 **Continuity of Regulations Adopted Pursuant to Section 200**

2 When Article 1 was first enacted, it included Section 221. Section 221 was a
3 “sunset provision,” providing for the repeal of Article 1, by operation of law, on a
4 specified date.¹⁷

5 To account for that possible repeal, Article 1 also contained Section 250.¹⁸
6 Section 250 provides that in the event of a repeal of Article 1, any existing
7 regulation that had been adopted pursuant to that article would remain in effect
8 after the repeal.

9 In the years following the enactment of Article 1, Section 221 was repeatedly
10 amended to extend its sunset date.¹⁹ In 2001, Section 221 was finally repealed.²⁰
11 As a result, the Commission’s general rulemaking authority under Article 1 is no
12 longer subject to a sunset provision, and there is no need for the special continuity
13 rule provided in Section 250.

14 The proposed legislation would therefore repeal Section 250.

15 **Other Obsolete or Misplaced Provisions**

16 The proposed legislation would also repeal or amend other Fish and Game Code
17 provisions, to remove obsolete language and distinctions.²¹ Other provisions
18 would be relocated, to better reflect their function.²²

19 **Conforming Revisions**

20 The proposed legislation would also make conforming revisions as necessary to
21 accommodate the changes described above.²³

22 **EXTRAORDINARY RULEMAKING POWER**

23 Fish and Game Code Section 219 authorizes the Commission to adopt a
24 regulation that supersedes statutory law. This power applies in either of the
25 following circumstances:

17. See 1957 Cal. Stat. ch. 456, § 221.

18. See 1957 Cal. Stat. ch. 456, § 250.

19. See 1957 Cal. Stat. ch. 1549, 1959 Cal. Stat. ch. 1568, 1961 Cal. Stat. ch. 1245, 1963 (1st Ex. Sess.) Cal. Stat. ch. 7, 1965 Cal. Stat. ch. 748, 1969 Cal. Stat. ch. 110, 1973 Cal. Stat. ch. 723, 1975 Cal. Stat. ch. 1083, 1979 Cal. Stat. ch. 1076, 1984 Cal. Stat. ch. 229, 1989 Cal. Stat. ch. 564, 1994 Cal. Stat. ch. 935, 1999 Cal. Stat. ch. 483.

20. See 2001 Cal. Stat. ch. 398.

21. See proposed repeal of Fish & Game Code §§ 215, 218, and 300.

22. Fish and Game Code Section 206 would be relocated with other Fish and Game Commission organizational provisions, as Section 110. Fish and Game Code Sections 205.1, 217.5, and 217.6 would be relocated to a new article among other general sport fishing provisions. See proposed Fish & Game Code §§ 7110 and 7115.

23. See proposed revisions to Fish & Game Code §§ 460 and 7120, Gov’t Code § 11343.4, and Health & Safety Code § 131052.

1 (a) The regulation is necessary for the protection of fish, wildlife, and other
2 natural resources under the jurisdiction of the commission.

3 (b) The commission determines that an emergency exists or will exist unless the
4 action is taken. An emergency exists if there is an immediate threat to the public
5 health, safety, and welfare, or to the population or habitat of any species.²⁴

6 To exercise the power, the Commission must designate the superseded statute by
7 number in the regulation, and provide a written finding consistent with the
8 standards set out above. A regulation adopted pursuant to Section 219 may remain
9 in effect for no more than 12 months.²⁵

10 The Law Revision Commission is not recommending any change to Section 219
11 at this time. **However, public comment on the legal and policy justification for**
12 **the extraordinary power granted by Section 219 is invited.**

13 REQUEST FOR COMMENT

14 The Law Revision Commission requests public comment on all proposed
15 revisions included in this tentative recommendation.

10 **Fish & Game Code § 200 (amended). General authority**

11 SEC. _____. Section 200 of the Fish and Game Code is amended to read:

12 200. (a) There is hereby delegated to the commission the power to regulate the
13 taking or possession of birds, mammals, fish, ~~amphibia~~ amphibians, and reptiles ~~to~~
14 ~~the extent and in the manner prescribed in this article.~~

22 (2) Any natural resource or activity connected with a natural resource.

23 (3) The taking or possession of a spike buck or spotted fawn. “Spotted fawn”
24 means a deer one year of age or less that has spotted pelage. “Spike buck” means a
25 male deer with unbranched antlers on both sides that are more than three inches in
26 length.

27 (c) This section and any regulations adopted pursuant to this section have no
28 effect on any provision of this code or any regulation adopted pursuant to this code
29 that relates to a matter described in paragraph (1) of subdivision (b).

30 **Comment.** Section 200 is amended to delete a reference to the “extent and manner” of
31 regulations. Rules formerly located in this article have been repealed or relocated. See Sections
32 250-285 (procedure).

33 The section is also amended to add subdivision and paragraph designations, and make other
34 nonsubstantive changes.

- 1 Subdivision (a) restates the first paragraph of Section 200.
- 2 Subdivision (b)(1) continues the first part of the second paragraph of Section 200 without
- 3 substantive change.
- 4 Subdivision (b)(2) continues former Section 201 without substantive change.
- 5 Subdivision (b)(3) continues former Section 204(d) without substantive change.
- 6 Subdivision (c) restates the second part of the second paragraph of Section 200 without
- 7 substantive change.

8 **Fish & Game Code § 219 (unchanged). Superseding of statute**

9 219. Any regulation adopted pursuant to this article may supersede any section
10 of this code designated by number in the regulation, but shall do so only to the
11 extent specifically provided in the regulation. A regulation which is adopted
12 pursuant to this section shall be valid only to the extent that it makes additions,
13 deletions, or changes to this code under one of the following circumstances:

14 (a) The regulation is necessary for the protection of fish, wildlife, and other
15 natural resources under the jurisdiction of the commission.

16 (b) The commission determines that an emergency exists or will exist unless the
17 action is taken. An emergency exists if there is an immediate threat to the public
18 health, safety, and welfare, or to the population or habitat of any species.

19 A regulation which is adopted pursuant to this section shall be supported by
20 written findings adopted by the commission at the time of the adoption of the
21 regulation setting forth the basis for the regulation.

22 A regulation adopted pursuant to this section shall remain in effect for not more
23 than 12 months from its effective date.

24 **Note.** For the most part, this tentative recommendation proposes to generalize the rulemaking
25 procedures that currently apply when the Fish and Game Commission regulates pursuant to the
26 authority delegated by Section 200. The generalized procedures would apply to any regulation of
27 take or possession of any bird, mammal, fish, amphibian, or reptile (with the exception of
28 regulation of the matters excluded from Section 200).

29 This tentative recommendation does not propose to generalize Section 219 (which is set out
30 above for reference purposes only). Section 219 purports to grant the Fish and Game Commission
31 the extraordinary power to adopt regulations that supersede statutes. The Law Revision
32 Commission has not yet reached any conclusion about the legal or policy merits of Section 219
33 and so is not prepared to recommend any amendment that would affect its scope of application.

34 **The Law Revision Commission invites public comment on whether Section 219 should be**
35 **generalized or otherwise reformed.**

36 **Fish & Game Code §§ 250-285 (added). Special rulemaking procedures**

37 SEC. ____ . Article 2 of Chapter 2 of Division 1 is added to the Fish and Game
38 Code, to read:

1 Article 2. Procedure

2 **§ 250. Application of article**

3 250. (a) Except as provided in subdivision (b), this article applies to a
4 commission regulation that governs the take or possession of any bird, mammal,
5 fish, amphibian, or reptile.

6 (b) This article does not apply to a regulation on a matter described in
7 subdivision (b) of Section 200.

8 (c) Except as expressly provided, this article does not supersede any other
9 applicable law that governs the adoption, amendment, or repeal of a regulation.

10 **Comment.** Section 250 is new. It makes clear that this article applies to any Fish and Game
11 Commission regulation that governs the take or possession of any bird, mammal, fish, amphibian,
12 or reptile, except for a regulation that falls within the scope of Section 200(b). For example,
13 rulemaking under Section 331 (take of antelope) is governed by this article, because it governs
14 the take of a mammal and is not described by Section 200(b). By contrast, rulemaking under
15 Section 8213 (sale of salmon) is not governed by this article, because regulation of the
16 commercial take of fish is described by Section 200(b).

17 Subdivision (c) makes clear that, except as expressly indicated (see, e.g., Section 265), the
18 rules in this article do not displace any other law that governs commission rulemaking. Other law
19 may impose additional requirements, either in specific circumstances or generally. See, e.g.,
20 Sections 307 (animal scarcity), 325-327 (animal surplus); Gov't Code § 11340 *et seq.* (general
21 state agency rulemaking procedure).

22 **§ 255. General rulemaking procedure**

23 255. (a) When adopting, amending, or repealing a regulation governed by this
24 article, the commission shall conduct the following steps at separate public
25 meetings:

26 (1) Approve the submission of a notice of proposed action to the Office of
27 Administrative Law.

28 (2) Consider public comment on the proposed action. The department shall
29 participate in this process by reviewing and responding to all public comment.

30 (3) Make a final decision on the proposed action.

31 (b) The meetings required by this section may be regular or special meetings.
